PEPTIDE PRO-FIRM TREATMENT

BY

JANSSEN COSMETICS

THE ACTIVE INGREDIENT CONCEPT

- The focus is on two powerful peptides:
 - A natural organic **cranberry bio peptide**
 - Improves skin density and radiance and reduces wrinkles
 - **Acetyl hexapeptide-8**
 - Reduces expression lines through its muscle-relaxing effect
- The treatment ingredients are complemented by skin-firming pullulan, moisturizing hyaluronic acid, soothing licorice root extract and regenerating oils - for visibly smoother, more radiant, and more resilient skin

THE PRODUCTS

- The professional treatment kit for five applications includes:
 - The gentle **Cream Peeling**
 - Five refreshing **Peptide Masks**
 - The rich **Peptide Massage Cream**
 - The highly concentrated **Peptide Serum**
 - Available as a retail product for home care too - the perfect addition to the care cremes of the DEMANDING SKIN series
